IMPORTANT

Please note that **STRONIC EINS** should **NOT BE USED** IN ANY OF THE ANAL POSITIONS shown here.

STRONIC ZWEI, **DREI**, and **Bi** are all anal safe.

If you have an implanted cardiac device (pacemaker), please consult your doctor before using a **STRONIC**. This toy's unique thrusting motion is powered by heavy-duty magnet, and although it is rare for an electromagnetic field to affect the function of a pacemaker, we recommend that you get a medical opinion before you play.

DUAL PLEASURE

with **Bi STRONIC FUSION**

Curl up in the fetal position, letting the base rest against your ankles. Pick your pulsation.

Lie in bed with your legs up, feet resting against the wall. Set the **Bi STRONIC** on a pillow in front of you, angling it into you as it bounces against the wall.

Indulge your threesome fantasy by using the **Bi STRONIC** for double penetration.

Getting turned on is key to a sexy spanking. Have your partner ride the **Bi STRONIC** before and during impact play to take them to new heights.

Turn it upside down during cunnilingus, pressing the vibrator into the taint (home of some often-neglected erectile tissue).

COUPLES POSITIONS

Enjoy some action on the side during oral sex (works anally or vaginally).

Focus on making out while the **STRONIC** does the work.

Show your butt some love while your partner is on top.

It's better to give and to receive.

COUPLES POSITIONS

Since your hands are free, why not read each other dirty stories?

What's 69 with something extra? 7o?

"A **STRONIC** for you, a BJ for me."

COUPLES POSITIONS

Best of both worlds:
doggy style meets missionary.

Get down while you go down.
